Avila University’s [Accelerated Bachelor of Science in Nursing](#) (ABS N) program consists of 61 credits of coursework, including 60 hours of skills lab and 585 hours of supervised clinical practicum and simulation experiences in our state-of-the-art facilities. This program’s accelerated BSN courses equips you to pursue initial licensure as a generalist registered nurse (RN).

The ABSN is a four-semester program for students with 60 or more prior college credits, an associate degree, or a bachelor’s degree in a field other than nursing. It can be completed in as few as 16 months. It blends direct teaching, active learning in laboratories, and supervised clinical experiences.
