KU Core Requirements The KU Core comprises three general education goals and three advanced education goals. The general education goals are best met early in a student's career. The advanced education goals are most appropriately acquired using the foundation of knowledge gained from the general education goals and progression through the major. Courses can be used to satisfy one Core goal at a time but may satisfy a major requirement and a core goal. Students that complete the A.A. at JCCC meet the KU Core Goals 1-3. Notes:
- It is **NOT** recommended that students take ENGL 122 at JCCC as KU requires an upper-level Business Writing course (KU Core Goal GE 2.1).
- It is **NOT** recommended that students take COMS 121 at JCCC, who want to major in Business at KU Lawrence. The School of Business at KU Lawrence requires all business students to take an upper division business speaking course (COMS 322) that will satisfy the KU Core Goal GE 2.2 and is a major requirement.
- However, if students take COMS 121 to complete their Associate degree requirements, then COMS 121 will count as an elective towards a KU Business degree.
